## **Around the Golf Course**

Hey guys I hope everyone is having a good month. So far we are really pleased with the golf course. Hopefully we will get a break from the rain soon! We have been steadily improving the course drainage system this year and we just finished up 13 and our next project will be 17 fwy and around the green too. Though the rest of the month we will be doing some minor cart path repair and beginning to do some tree pruning and removal.

## ***NEWS FROM THE PRO***

*From Brian Altman, PGA Professional*

**New Golf Carts are here!! As you might have noticed there is a lot of Technology. We now have the ability to control where carts can go & cant go. Also, we are able to track cart location on the golf course in live time. Over the next couple months we will dial in what works best for our club and how we can best utilize this technology.**

**Berkeley Country Club has added a new beverage cart to our club. We feel there is an opportunity to add another service for our members & guest. We will begin with a 3-5 days a week schedule. Once we have the data to evaluate our beverage cart service we will provide a more permanent schedule.**

Range Ball: Driving Range Mats have been added to our range. This will help reduce stress on our practice facility. We are planning to continue Mon-Fri. mats only until Spring. This should give way to a more health & full range during our busy season. With the added drainage to the range we are hoping to have more Range availability this year. In addition we have added an informational sign to the range to help us explain the importance of hitting ball the right way for healing of grass and increasing usable space.

At the moment we do not have a range picker. It is ordered, but we are waiting for it to come in. Because of this we have to close the range periodically to handpick. We will close after the blitz tees off and another point in the afternoon. Each time it will be closed for about an hour.

Change in Shop Hours: Starting March 14th the Pro Shop will be open from 7-6pm due to daylight savings time.

## Exeter Grill

Can you believe it is February already? Time flies when you are playing golf at BCC. Not much to make mention of this month. The grillroom was blessed to get a commercial fridge also due to the other breaking. No events were planned for January. We also got our new beverage cart in on Friday, training will start very soon.

We have a job fair setup for the 10th from 2-5 if you know anyone 21 yr. of age or older that is willing to do a mix of all three (server, bartender, and beverage cart) let them know. We do have Glow ball coming up the 20th of February, should be a blast. Also, the bar will start serving liquor every Sunday starting this Sunday the 7th. (You asked, we answered) The weather not been all that great cannot wait for the warm weather.

That is all I have to say for the upcoming month. May God continue to keep you healthy and blessed.

Amen!

Love Lillian
