## **Around the Golf Course**

Hello I hope everyone is enjoying this awesome spring weather we are having. The golf course is moving right along and is going in the right direction with the transition into the summer season. We have a bunch of projects that are going to be starting here soon. On May the 22nd the course will be closed for aerification of the tees, fairways and approaches. The course will reopen on the 23rd. We will also be punching the greens on the 30th and 31st of May as well. Our summer project of the irrigation head replacements around the greens will also be starting during this time as well. So we are definitely going to be busy this summer! The project should be completed in about three weeks if we have good weather. I look forward to seeing all of you out on the course soon.
