Around the Golf Course

Hello everybody, the end of the summer season is quickly approaching and we are about to finish up some of our projects. On Tuesday we are going to start removing the collar dams on 5 and 11; these are our last two collars that we will be adjusting this year. We have been having to topdress the greens a lot these last two weeks sorry for any disruptions this has caused to play between punching the greens and the large amount of rainfall we received from Debby.

It was necessary to establish some firmness to the turf canopy to prevent scalping and create a more even putting surface. We are also getting the course ready for the invitational so the speed of the greens will be increasing through the next two weeks just wanted to give everyone a heads up there. Thank you guys for all the support and I look forward to seeing everyone out on the course!

- Ed Walker

New Members!
